

Analiza bibliometrică cu Publish or Perish

Biblioteca Universității „Dunărea de Jos” din Galați

2020

Publish or Perish

Publish or Perish

Publish or Perish este un software de sine stătător care folosește Google Scholar și Microsoft Academic Search pentru a furniza o serie de indicatori bibliometrici legați de impactul unui autor sau al unei reviste.

Permite importul referințelor din Scopus și Web of Science.

Poate fi descărcat gratuit pe calculator, fiind disponibil pentru sistemele de operare Linux, Windows și Mac.

Adresa Internet: <http://www.harzing.com/pop.htm>

Publish or Perish

Indicatorii bibliometrici din PoP sunt:

- numărul total de lucrări și numărul total de citări;
- media citărilor pe lucrare, citărilor pe autor, lucrărilor pe autor și a citărilor pe an;
- h-index (indicele Hirsch)
- g-index (indicele lui Egghe)

- indicele Hirsch contemporan
- trei versiuni ale indicelui individual Hirsch
- media creșterii anuale a indicelui individual Hirsch
- măsurarea „vârstei” ratei de citare
- analiza numărului de autori pe lucrare

Publish or Perish > Adăugarea referințelor bibliografice

The screenshot displays the Harzing's Publish or Perish 6.46.6370.7005 application. The main window features a menu bar (File, Edit, Query, View, Help) and a toolbar. On the left, a 'My queries' sidebar shows 'Saved queries' and 'Trash'. The central table lists queries with columns: Query, Source, Papers, Cites, Cites/y..., h, g, hI, no..., and hI. Two queries are visible: 'Nicolau Anca Ioana, Dunarea d...' from 'Web of Sci...' and 'Anca Ioana Nicolau - Professor...' from 'Google Sc...'. Below the table, the 'Web of Science query' section includes fields for Authors (Nicolau Anca Ioana), Affiliations (Dunarea de Jos), Publication/Journal, and Title words. A 'Metrics' section on the bottom left lists various citation metrics. A 'Query' menu is open, showing options like 'Lookup', 'Lookup Direct', 'New Web of Science Query' (highlighted), and 'New Folder'. A 'Web of Science sign in' dialog box is overlaid on the bottom right, prompting the user to sign in. It offers three options: Anonymous sign in, Roaming sign in (selected), and Direct sign in. The 'Roaming sign in' option requires a user name and password. The user name 'lenuta.ursachi@ugal.ro' is entered, and the password is masked with dots. A red arrow points from the 'New Web of Science Query' menu item to the sign-in dialog.

Web of Science sign in

Web of Science requires that you sign in for a session. This can be done anonymously if your computer is connected to your institutional network and your institute has a WoS subscription.

Alternatively, if you have a valid user name + password to sign in to Web of Science, you can use that for either a roaming sign in or a direct sign in.

☐ Anonymous sign in (if your computer is on the institutional network)

☒ Roaming sign in (requires user name + password)

☐ Direct sign in (requires user name + password)

User name: lenuta.ursachi@ugal.ro

Password: ●●●●●●●●
